

# Westlake Reed Leskosky

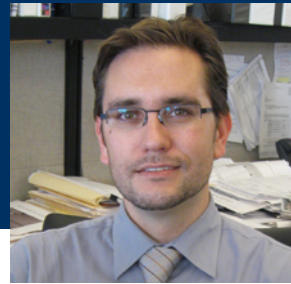

Westlake Reed Leskosky promotes the following individuals in recognition of their design and technical excellence and superior project implementation that enhance the firm's fully integrated design services.

**Shawn P. Carr, PE, Associate Principal**  
*Director of Structural Engineering*

Joined WRL: Nov. 2005 | Ohio State University, Bachelor of Science in Civil Engineering, Double-Major in Structural Engineering and Construction Management, 1993

Shawn creates simple yet innovative solutions to structurally challenging designs, including the recent structural engineering of Cleveland's new MOCA Museum<sup>1</sup>, led with iconic, sculptural, and technical panache.

**Erik Allen Lund III, AIA LEED AP**  
*Associate Principal, Project Director*

Joined WRL: Dec. 2008 | Kent State University, Bachelor of Architecture, 1998

Erik's hands-on approach to coordinating design, engineering, sustainability, and technology as a team leader has contributed to designs for the Yorktown Victory Center, Pro Football Hall of Fame Future 50 Expansion, and University of Mount Union.

**Christopher L. Buehner, PE**  
*Associate, Mechanical Engineer*

Joined WRL: August 2004 | Ohio University, Bachelor of Mechanical Engineering, 2001

Chris has deep experience in multiple project types ranging from performing arts centers to healthcare facilities, including several innovative LEED-certified facilities that integrate energy efficient measures.

**Mitchell J. Clemente, CPD**  
*Associate, Mechanical Designer*

Joined WRL: July 2006 | Lakeland Community College, Assoc. Degree in Industrial Engineering, 1990

A nationally recognized technical expert who serves on the Board of Directors for American Society of Plumbing Engineers, Mitch applies experience in a variety of systems and green technology resulting in quality assurance and quality control for the entire integrated team.

**Bradley Fink, RA**  
*Associate, Project Architect*

Joined WRL: May 2005 | Kent State University, Bachelor of Architecture, 2005

Involvement from design phases through day-to-day on the site during construction of Cleveland Clinic's LEED-NC Gold certified Twinsburg Family Health & Surgery Center has been instrumental in carving Brad's leadership in healthcare.

**Jesse Fishman, CTS-D, DSCE**  
*Associate, Senior AV Systems Designer*

Joined WRL: Nov. 2010 | University of Miami, FL, Bachelor of Music, 2003

Jesse's expertise in advanced digital and integrated AV systems is showcased in projects such as the Pro Football Hall of Fame Future 50 Expansion and the Slippery Rock University Performing Arts Center.

**Daniel W. Hughes, NCIDQ**  
*Associate, Interior Designer*

Joined WRL: July 2005 | The Ohio State University, Bachelor of Science in Industrial Design, 1998

Dan creates specialty interiors and collaborates with the firm's Innovative Technology Design Group to blend engineering and technology design with a compelling interior expression.

**Carmen J. Mazzant, PE**  
*Associate, Electrical Engineer*

Joined WRL: Dec. 2005 | Ohio University, Bachelor of Electrical Engineering, 2003

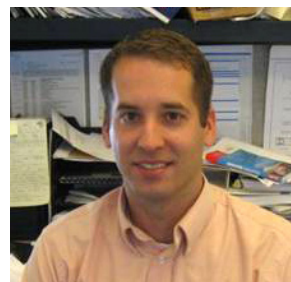

In addition to his electrical engineering on diverse projects, and enhanced by his construction background, Carmen has also developed power system studies for KeyBank and Progressive Field, and provides training on building modeling software.

**Daniel L. Michaels, RA, Associate,**  
*Project Architect, Technical Leader, Designer*

Joined WRL: March 2003 | Kent State University, Bachelor of Architecture, 2000; Bachelor of Science in Environmental Technology, 2000

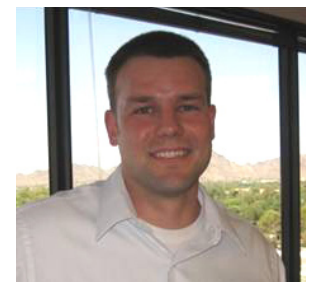

Dan's passion for design is all-encompassing, from creativity and technical know-how on projects such as Cleveland's MOCA Museum<sup>1</sup> and Gartner Auditorium at Cleveland Museum of Art, to pursuits in graphics, fine arts and furniture design.

**Chad A. Spencer, PE**  
*Associate, Mechanical Engineer*

Joined WRL: Jan. 2007 | Iowa State University, Master of Science, 2004, and Bachelor of Mechanical Engineering, 2001

Chad's specialty in mechanical engineering enhances the integrated design effort with in-depth analysis of systems and calculations of energy metrics for healthcare, cultural, and commercial clients.

**Kirk T. Sprague, PE**  
*Associate, Electrical Engineer*

Joined WRL: April 2007 | The University of Toledo, Bachelor of Science Electrical Engineering Technology, 2004

Kirk's skillful coordination of the electrical aspects of projects enables the optimal distribution of power and emergency systems that are critical to client's operations such as healthcare delivery.
